Med Aire Alternating Pressure Pump and Pad System

Pressure Prevention

- 130 individual bubble cells for maximum comfort and effectiveness
- 4 LPM (Liters per Minute) pump produces consistent air flow and pressure
- Bubble pad design provides superior therapeutic treatment
- Built in bracket for mounting easily to bed
- Easy to change filter
- Pad is made of long lasting durable heavy gauge premium vinyl
- Quiet pump technology alternately inflates and deflates the pads air cells
- Variable Pressure setting on Deluxe Pump allows comfort setting for maximum results

Med Aire Low Air Loss Mattress Replacement System with Alternating Pressure

- 8-Inch high air cells are constructed with Nylon/50% PVC for durability
- CPR valves provide fast (20-Second) deflation
- LED and audible alarm provide critical performance data and alert caregiver when pressure falls below 10mmHg
- Mattress has 20 air bladders, nine (9) with laser holes to achieve low air loss function, to increase patient comfort, keep the patient cool and speed recovery
- Quick fill adapter and carry bag standard
- Special vibration isolating features insure that the patient rests easily, without feeling the pumps vibrating action
- Spring lined air tubes prevent kinks and disruption of air flow
- The "WHISPER QUIET" pump produces consistent air flow
